

LSM CHIROPRACTIC – MONROE STREET CLINIC

Don't let the Monroe Street construction be a pain in your neck!

NOW OPEN! We're excited to announce the completion of a **third entrance** to the Monroe Street clinic parking lot! You are now able to enter and exit the clinic via **Crandall Street**, which connects Monroe Street to Gregory Street, making your access to the clinic **easier than ever!**

DIRECTIONS: For easy access to the clinic traveling from:

- **Northbound Midvale Boulevard:** turn right onto Tokay Boulevard and continue onto Glen Drive, then take a right onto Glenway Street, followed by an immediate left onto Gregory Street. From here you will turn right onto Crandall Street where you will have **direct access to our parking lot without traveling on Monroe Street.**
- **Westbound Regent Street:** turn left onto Allen Street, then right on to Commonwealth Avenue, followed by a right onto Gregory Street, and lastly a left onto Knickerbocker Street where you can enter our parking lot via the alley way behind the clinic.

PLEASE use the Knickerbocker alley as an entrance ONLY. The Monroe Street and Crandall Street entrances are accessible for both entering and exiting the clinic.

We are thrilled to offer increased accessibility to our clinic while Monroe Street gets a facelift!

PLEASE GO TO LSMCHIRO.COM TO SEE A DETAILED MAP SHOWING THE ALTERNATE ACCESS POINTS
